- 12. Magnetic light strip (optional)

Installation

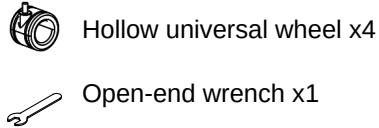

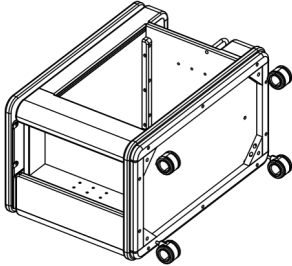

- Installation Difficulty: Easy
- Number of People Needed: 1
- Estimated Time: 15 minutes
- Other Tools Needed: Screwdriver

**Installation
Steps**

Step 1

1. Before installation, please place packaging cartons or cushioning materials on the ground to avoid damage to the goods and the floor.
2. Install the universal wheel: tip the cabinet over, screw the universal wheel into the corresponding hole, and tighten it with an open-end wrench.

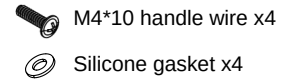

Hollow universal wheel x4

Open-end wrench x1

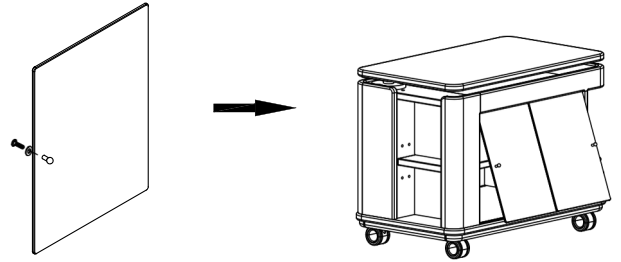

Step 3

1. Install the glass door; use the handle wire to fix the small light bulb handle, and then insert the glass door diagonally into the glass groove.
2. Installation is complete.
